Antiseptical ointment, in common com-

partment A No. 1 for remedy for Boils, Pimples, Pustules,

Scars, Tumors, Ulcers, Erysipelas, Fresh-wounds

and other diseases of discolouration of the skin. All compo-

nents has been completely distilled by the most delicate

process for which the last

months, has made a great success, 50 per cent, and is still

more effective.

The clearness and freshness which its use im-

parts to the complexion have rendered it praiseworthy as a

healer of the skin and a restorer of health.

It is also a delicious compound

for bath, and can be used in hard or salt water; and is a

soothing and instantaneous remedy for the bites of insects.

Beauty as it is, is perfect, only a few more

repetitions will make it even more

beautiful.

In which it is most attractive state,

Dr. G. might go on supposing, the power of his Italian

Medicated Soap, has been published throughout the Union, at

a cost of several thousand dollars to the Doctor, from emi-

grants. Clergymen, Merchants, Army, and a host of distin-

guished men, the original of which testimonial can al-

most be seen if required, are, the Doctor thinks, sufficient

to convince any one, not wilfully blind, if there is any

such Doctor made up of the laudable intent of his

patients, that he believe not Moses and the prophets,

nor would they believe, though one rose from the dead,

Dr. Gouraud's Sulfur positively extricates, red and

black, eruptions from the skin.

General Review will import to the pale cheek,

the smooth brow, as eminent as that of the rose.

Dr. Gouraud's Hair Dye will change red or gray hair

to a beautiful black or brown, the instant applied, without

danger.

Dr. Gouraud's White instantly dissipates redness, flushes

and tournicks.

Beware of deception, and remember that it is impossible

to procure genuine preparations of Dr. GOURAUD ex-

cepted Dr. G. Walker's, first store from Broadway,

CALLENBERG, 36 South Third-st., Philadelphia, and 17

17th Street, New York.
